

Notification No: 089/2017

28 August 2017

Dear Parents / Guardians,

**Re: Jiemin Primary School Eco-School Core Committee**

We are setting up a core committee where students, together with the teachers and parents are the driving team, behind the Eco-School program.

Jiemin Primary School has been part of the World Wide Fund for Nature (WWF) Eco-School programme for the past one year and has achieved a bronze award for its great effort in promoting environmental awareness and sustainability in school. Moving forward, we hope to widen the scope of our projects and reach out to the community. Therefore, we are looking for suitable and interested partners to join us in this journey.

If you are keen to join our Eco-School core committee, we would appreciate if you could fill up the Google doc form which we will be sending you via the school's Tok-Tok messaging app. We will contact you soon for a meeting to share more about our activities. If you have any query, feel free to contact Mrs Teng-Tan Bee Kheng via the app or email at [tan\\_bee\\_kheng\\_sally@moe.edu.sg](mailto:tan_bee_kheng_sally@moe.edu.sg). Alternatively, you may access the form using this google link:

<https://goo.gl/234AQ3>

Thank you for coming on board to join us in engaging the community!

Yours sincerely,

Mr Ng Ban Hock  
Subject Head CCE
