

Notification: 022/2018

5 February 2018

Dear Parents/Guardians

Food Rationing Exercise to commemorate Total Defence Day

Total Defence Day is being commemorated every year to serve as a reminder to all of us of the fall of Singapore. The school will be organizing a Total Defence campaign in February to raise awareness of Total Defence and the importance of everyone playing a part in contributing to Singapore's peace and security. As part of our school's holistic approach towards commemorating Total Defence 2018, a food rationing exercise will be conducted. The purpose of the food rationing exercise is to enable pupils to better appreciate how Singaporeans lived during wartime and better understand what to expect in times of crisis.

On Wednesday, 14 February 2018, the sale of food and beverages during recess will be suspended. Canteen stalls in the school canteen will be distributing basic staples such as sweet potato porridge, plain biscuits, green bean soup and red bean soup to our pupils during recess. Pupils will not have to pay for the food as the cost will be borne by the school. Pupils are encouraged to drink from their water bottles or the water coolers as there will be no sales of other beverages during recess.

Please inform the school if your child is on special diets and/or is medically unfit to participate in the rationing exercise that day so they can be excused.

Pupils can still purchase the usual food items from the canteen before curriculum time (breakfast) and after curriculum time (lunch) that day. We appreciate your continuous support for our school's holistic education programmes. Thank you.

Yours sincerely
